Statement from the Secretary to Cabinet and Head of the Civil Service

It is with great pride and a deep sense of responsibility that I present the Annual Report for the Financial Year 2023-2024 on behalf of the Cabinet Office, Private Office and Ceremonials, Defence and Home Affairs Division. This report reflects our unwavering commitment to excellence, transparency, and dedicated service to our nation.

As Secretary to Cabinet and Head of the Civil Service, I am honored to provide an overview of our achievements, challenges, and strategic initiatives over the past year. Our mission remains clear: “to be a dedicated service provider, using proactive, quality and customer-focused policies, administrative practices and emerging technologies to protect the national and territorial integrity aiming at upgrading the day-to-day lives of the citizens of Mauritius.”

Under the Finance (Miscellaneous Provisions) Act 2024, we have introduced significant legislative amendments to reinforce our governance and regulatory frameworks. The Civil Status Act was refined to enhance the accuracy of birth and adoption registration. The Information and Communication Technologies Act was also updated to reinforce the ICT Appeal Tribunal, thereby improving regulatory oversight in the rapidly evolving IT sector. Moreover, the Non-Citizens (Property Restriction) Act as amended now allows for an extended maximum lease period for non-citizens, from 20 to 30 years, thereby facilitating better management of long-term property leases.

Over the past year, we have reached significant milestones that demonstrate our steadfast dedication to progress and innovation:

- (a) On 29 February 2024, the joint inauguration of the new airstrip and St. James Jetty on Agalega Island by the Prime Ministers of Mauritius and India, alongside six community development projects, marked a historic achievement for the island's development;*
- (b) The launch of the Mauritius National Identity Card 3.0 on 23 February 2024 represents a major advancement in national security and confidentiality, setting a new standard for our identification systems;*
- (c) The Civil Status Division has also upgraded its Central Population and Civil Status Databases and accelerating the digitization process so as to enhance the efficiency and accessibility of service delivery.*
- (d) The Citizen Support Unit (CSU) has redefined the handling of social casework in the public sector, successfully engaging over 230,000 citizens and addressing nearly 315,000 complaints, with a 93 percent resolution rate across all 25 Ministries.*

I am also pleased to highlight the continued importance of the Senior Officers' meeting, which I chair, as a vital platform for direct communication with Supervising Officers across Ministries. This collaboration has been instrumental in the coherent implementation of policies and the improvement of service delivery.

Lastly, I extend my appreciation to the staff of the Prime Minister's Office for their tireless dedication in executing the initiatives outlined in the Government Programme 2020-2024. I am confident that their professionalism and unwavering support will remain key to achieving the Government's future objectives and further enhancing the quality of services provided to our nation.
